

ANNEX A

Launch of the ASEAN Applied Research Centre (AARC)

The AARC, supported by the NUS ASEAN Fellowship Programme and ASEAN-BAC, is a joint initiative by YCH Group as an industry partner and NUS as a knowledge partner, to bring together ASEAN researchers to develop innovative solutions collectively and resolve real world challenges faced by businesses in ASEAN. Hosted in the Supply Chain City, the AARC will be the industry sandbox for researchers to validate their solutions prior to implementation.

For more information about the AARC, please contact Ms Yvonne Wong at Yvonne.Wong@ych.com.

For more information about the ASEAN Fellowship, please contact Mr Eng Zhen'An Alexander Emmanuel at aeng@nus.edu.sg.
